

Annual Report

Juntos Podemos **2024**

Introduction

In 2024, Juntos Podemos continued its mission in Curundú, a community that faces significant challenges but is also filled with immense potential. We have seen how God has been transforming lives, and we are still committed to serving this community with love and purpose.

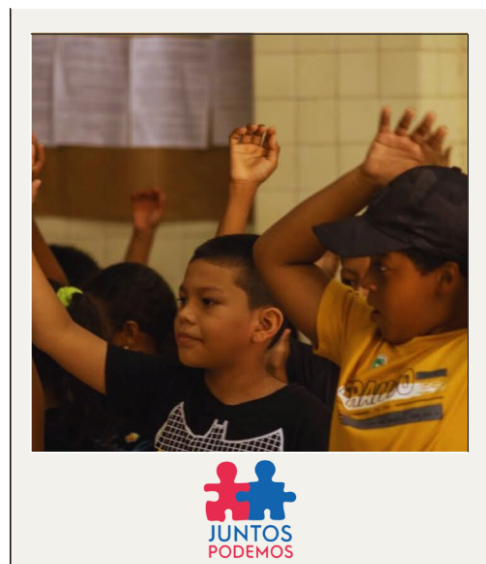

Community Program

Thanks to the generosity of our donors, our programs have reached those most in need. Every Saturday, approximately (70) seventy children, ages 6 to 12, gather from 10:00 a.m. to 3:00 p.m.

During this time, they receive not only a safe space to learn and grow, but also meals (breakfast and lunch), Bible lessons, counseling, and care. In addition, around (20) twenty teenagers join us in the afternoons to receive Bible study, mentoring, and fellowship, fostering, both spiritual and personal growth.

Juntos Podemos Vocational Academy

Our Juntos Podemos Academy continues to serve (40) forty students who have dropped out of the regular school system. These students receive a full secondary education, along with tutoring and daily meals. Our afternoon program runs from 2:00 p.m. to 6:00 p.m., Monday through Friday, providing the academic and emotional support they need.

Juntos Podemos Bilingual Academy

This year, our Juntos Podemos Bilingual Academy saw an increase in enrollment to 193 students, from Pew-kindergarten through 9th grade. These students benefit from daily meals (breakfast and lunch) and an education that equips them with the skills for a brighter. More successful future.

Women's Empowerment Program

We are delighted to share the ongoing success of our women's group. Every Thursday, the group gathers for Bible study, and on Saturdays they participate in self-employment workshops. These sessions empower women to build better lives for themselves and their families. In an exciting development, three of our participants have been selected to attend a women's retreat organized by Word of Life.

Overcoming Challenges

The years following the pandemic were incredibly difficult, and at one point we considered closing our secondary and afternoon school programs for teenagers due to financial limitations. However, thanks to your unwavering support, we were able to continue. Your generosity has been vital to keeping these programs running, and we are deeply grateful.

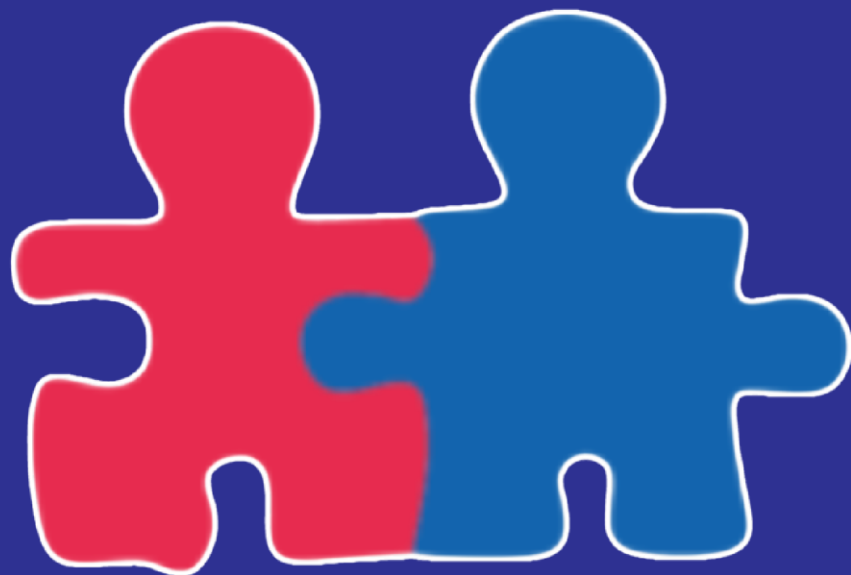

Closing Remarks

We thank you for believing in the mission of Juntos Podemos and for being a key partner in this essential ministry. Your prayers, donations, and involvement have been a blessing to countless lives in Curundú. We pray that God will continue to bless you as He has blessed others.

At Your Service,

Enrique Gutiérrez Rubio

Executive Director
